CITATION HIGHLIGHTS

3 U.S. examples we can show you

Google ranking: a U.S. search where SoftwareSuggest ranks on page one.

WHAT IS CITED	WHERE	U.S. SEARCHES A MONTH
Google ranking "top 10 medical billing software"	Google · U.S. · position 6 · AI Overview shown	150
Google ranking "best medical claims processing software"	Google · U.S. · position 5 · AI Overview shown	100
Google ranking "medicine billing software"	Google · U.S. · position 7 · AI Overview shown	30

Recorded by Ahrefs as of November 2, 2026. AI answers change with the person, the country and the day, so a citation may not appear on every attempt.

HOW WE WORK

How we put your product into these answers

01
Diagnose
A baseline of how your product shows up across AI platforms, and where rivals win citations.

02
Create
Source-worthy content built around the questions AI retrieves most here.

03
Reinforce
Entity clarity and trust signals AI weighs before it recommends a brand.

04
Track
Monthly plain-language reports on where your product is named or left out.

INVESTMENT

Three ways to engage

Choose the plan that fits your stage. We confirm the right one with you on a call.
