Category page	"Which software is mostly used in accounting?"	Perplexity · CO	350
Category page	"What are the top 10 accounting software?"	Perplexity · CO	350
Category page	"Which software is mostly used in accounting?"	Perplexity · GR	250

Recorded by Ahrefs as of November 2, 2026. AI answers change with the person, the country and the day, so a citation may not appear on every attempt.

HOW WE WORK

How we put your product into these answers

01
Diagnose
A baseline of how your product shows up across AI platforms, and where rivals win citations.

02
Create
Source-worthy content built around the questions AI retrieves most here.

03
Reinforce
Entity clarity and trust signals AI weighs before it recommends a brand.

04
Track
Monthly plain-language reports on where your product is named or left out.

INVESTMENT

Three ways to engage

Choose the plan that fits your stage. We confirm the right one with you on a call.
